02 ABOUT

Olivier Gomez

AI Authority, Business Strategist & Thought Leader

Olivier Gomez is an AI and automation expert, author, and business strategist with a track record of leading AI-driven digital transformation initiatives. His focus is not just technology but **making AI a business asset that delivers real outcomes**.

With over two decades of experience at the intersection of **AI, automation, and business strategy**, Olivier helps large enterprises adopt AI and automation with a strong focus on **ROI, efficiency, and scalability**.

A Leader in AI-Driven Business Transformation

Currently, as the **CEO of IAC.AI (Intelligent Automation Company)**, Olivier helps enterprises move beyond AI hype and implement **practical, revenue-generating AI solutions**. He has worked across multiple industries, guiding companies on how to integrate AI to **maximize operational efficiency, reduce costs, and drive competitive advantages**.

Previously, Olivier held **senior enterprise automation leadership roles at Hewlett Packard and DXC Technology**, where he helped scale programs of 3,000+ bots, while navigating the human, ethical, and governance aspects of emerging technologies.

03 WHAT I DO

Speaking and interviews

What to Expect When You Work with Olivier

He explains complex technical topics in plain terms, with stories, real examples and simple analogies.

His examples come from hands-on enterprise delivery work, so each talk stays grounded in what is actually happening in the field.

06 PHILOSOPHY

AI & Automation: A Business-First Approach

Olivier's philosophy on AI is clear: **technology is only as good as the business impact it delivers**. Unlike many AI experts who focus purely on technical capabilities, Olivier's approach is always rooted in **tangible business value**:

AI for Growth, Not Just Efficiency

AI should drive **revenue, innovation, and competitive edge**, not just automate tasks.

Aligning AI with Business Priorities

Many AI projects fail due to misalignment with business goals. Olivier helps organizations ensure **AI adoption is strategic, scalable, and measurable**.

Real-World Implementation, Not Just Theory

Olivier has worked in both corporate AI leadership and startup environments, bringing **practical, hands-on experience** to AI transformation.

AI with a Human-Centric Mindset

Recognizing that AI is not just about technology but also about people, Olivier ensures that **workforces are empowered, not replaced**.
