EVENTS AND SPEAKER ONE-SHEET

OLIVIER GOMEZ

OG • CEO and Co-Founder, IAC.AI

Ship AI.
Deliver outcomes.
Keep control.

France-based entrepreneur, AI and automation executive, author and public voice on enterprise transformation. More than 25 years building and scaling automation and AI delivery in complex global environments, including senior automation leadership roles at Hewlett Packard and DXC Technology, with programs of more than 3,000 bots across regions.

Complex technical concepts made simple for any audience, with storytelling, relatable examples and clear analogies.

25+ years	$100M+	44,500+	28%
Global transformations, from mid-size companies to the Fortune 1000	P&L impact delivered	LinkedIn followers, a B2B executive audience	Of the LinkedIn audience at Director, VP or CXO level

WHAT OG TALKS ABOUT

- **From pilot to production.** What scales in real enterprises, what fails after pilots, and what delivers value over time.
- **AI for growth, not only efficiency.** AI that drives revenue, innovation and competitive edge.
- **Aligned with the business.** ROI, time to value and control, with success metrics defined early.
- **Control and ownership.** How enterprises frame control, sovereignty and outcomes in practice.
- **People first.** Workforces empowered, not replaced.

FORMATS

- **Onsite presence.** Panels, workshops, facilitation, executive interviews and event coverage.
- **Online intervention.** Panel, fireside chat, executive Q&A or expert intervention.
- **Keynote.** Also available, virtual or in person.
